

MASSACHUSETTS INSTITUTE OF TECHNOLOGY

LINCOLN LABORATORY

244 WOOD STREET

LEXINGTON, MASSACHUSETTS 02421-6426

Directions to MIT Lincoln Laboratory E Receiving Dock

Hours of operation: Monday through Friday, 8:00AM - 4:00PM

From I-95/Rte. 128, take Exit 30B, Route 2A West Hanscom Field exit. Follow Route 2A West for 1.5 miles to a blinking yellow light. Turn right and go $\frac{1}{4}$ of a mile, then bear right and you will come to the Sartain Gate (formerly Vandenberg Gate). You are entering a US Air Force Base.

All commercial vehicles must follow the guidelines listed below:

- Commercial vehicle access is allowed Monday through Friday only, from 6:00AM to 5:30PM. Commercial vehicle access and deliveries are not allowed on weekends.
- If the commercial vehicle is larger than a passenger van and/or towing a trailer, it must proceed to the Commercial Vehicle Search Area located at the Sartain Gate to be searched. Search area hours are Monday through Friday only, from 6:00AM to 5:30PM.

The Air Force guards will inspect your papers and your vehicle. You will need a valid driver's license and proof of insurance for your vehicle. If you are making a delivery to MIT Lincoln Laboratory, you must have a computer generated bill of lading. Bills of lading or invoices must have a "deliver on" date that matches the date the vehicle is at the gate, or a "deliver by date" in the near future, or the vehicle will not be allowed to enter the Base.

After you are cleared by the Air Force:

Go straight until you come to a fork in the road. There will be a WW2 plane on a pedestal to your left. Take a left onto Marrett Street.

Go to the set of lights. There will be a jet plane on a pedestal directly across from you. Take a right at the lights onto Barksdale Street.

You will come to another set of lights. Go straight through those lights.

Then take the second right onto Bestic Drive. You will be going down a small incline.

Take the first left onto Schilling Circle. Go about $\frac{1}{4}$ of a mile until you see a red and white sign saying Building E Receiving. Turn right into MIT Lincoln Laboratory's E Receiving Dock.

For assistance:

- Receiving: 781-981-2209
- Shipping: 781-981-7153
- Shipping and Receiving Supervisor: 781-981-2207 or 339-223-1916
